

ESJ Rocks!

Even the smallest gesture can make a big difference. Sometimes all it takes is a little effort to see each other and see what's around us to feel special and acknowledged. Painting the rocks encourages our creativity and connection to nature. Finding painted rocks made by someone else builds our community and our connection to each other.

- **Add a positive message to your rock using the provided paint pens.**
- **Take your painted rocks back to Advisory.**
- **Rocks will be distributed around campus throughout the semester at a later date (Your Advisor will find out when it is your week to distribute them).**
